

Weed barrier squares: 4' x 4' - \$1.25 each plus tax – no minimum

Weed barrier staples: 2" x 8" - \$0.15 each plus tax – no minimum

For customer installation, sales tax depends on point of delivery

Signature by person completing order

Customer must sign form.

Fill out separate orders for District installed weed barrier and weed barrier to be delivered to NRCS offices for landowner installation

### **WEED BARRIER INSTALLATION:**

Installation by District: \$0.70 per lineal foot plus tax includes weed barrier, staples and installation. There is tax on District installation.

**Minimum order of 1000 feet NO EXCEPTIONS – based on design**

**Minimum charge is \$700.00 = 1000 ft of weed barrier**

Do not collect for weed barrier or installation but please estimate total lineal feet and have customer sign the estimate form so he is aware of cost.

District will bill customer after installation. Sales tax will be added by the District after installation (5.5%).

Inform customers receiving District installation that tree rows must have an area 10' in width properly prepared with a minimum of **12' to 20'** between rows.

NRD will NOT:

- Install weed barrier with cottonwood or walnut in tree row
- Install weed barrier in the fall
- Install weed barrier sheets
- Install weed barrier on side slopes of 5% or greater or on curves
- Install weed barrier in unworked ground
- Install weed barrier on windbreak renovation
- Install weed barrier unless estimated weed barrier order form is signed by the customer
- Install weed barrier on handplants.
