PERMIT RESTRICTIONS

1. A well permit is required prior to construction. The District must approve the permit application prior to starting any well construction activities.
2. This well may not be constructed closer than 600 feet from another landowner's existing registered irrigation well, unless a special spacing permit (Neb. Rev. Stat. § 46-610) has been granted from the Department of Natural Resources. No irrigation well may be constructed closer than 1,000 feet from an existing industrial or municipal well and no industrial or municipal well may be constructed within 1,000 feet of any other existing well, unless a special spacing permit (Neb. Rev. Stat. § 46-653) has been granted from the Department of Natural Resources or if they are owned by the same individual.
3. This permit does not register the well with the Department of Natural Resources. All wells are required to be registered with the State Department of Natural Resources within 60 days after the well is completed.
4. If the well is not constructed within a one-year period from the date of approval, a new permit is needed.
5. According to Neb. Rev. Stat. § 46-637, water wells may not be drilled within 50 feet of a stream bank without first getting a surface water right for that stream from the Department of Natural Resources.
6. Any person who, on or after August 30, 1981, commences or causes construction of such a well for which the required permit has not been obtained, or who knowingly furnishes false information regarding such permit, shall be guilty of a Class IV misdemeanor. (Neb. Rev. Stat. § 46-602.01)
7. Permits are not required for test holes, temporary dewatering wells (less than 90 days), or wells designed to pump 50 gallons per minute or less. *If possible mark (with a flag) the well site in the field.*

Additional Restrictions:

Any reduction in consumptive use associated with new non-municipal industrial or commercial uses of less than twenty-five million gallons, during the period between the operative date of this section and January 1, 2026, shall accrue to the benefit of the natural resources district within which such non-municipal industrial or commercial user is located.
