## **RCPP PROGRAM**

### **Ogallala Aquifer and Platte River Recovery Project**

#### **PURPOSE**

Reduce water consumption from Gothenburg to Elm Creek and in declining status areas.

#### **HOW**

Financial assistance for

- More efficient irrigation technology
- Installing conservation practices
- Converting irrigated acres to non-irrigated farmland

#### **FUNDING**

Over \$2 million is available through the USDA-NRCS Regional Conservation Partnership Program (RCPP).

Partners: Central Platte & Twin Platte NRDs, Thirty Mile Irrigation District, Southside Canal Company & Cozad Ditch Company
