CENTRAL PLATTE NRD FLOW METER COST SHARE PROGRAM

Revised (06/04/2015

The purpose of a flow meter is to accurately measure the amount of water that is applied during an irrigation application. By using a flow meter you can manage how much water is applied which will help the irrigator conserve water and protect water quality.

This application will not be effective until approved by the NRD: All applications must be approved before project can be started. Claims for payment will not be accepted more than five months from the date this application is approved. Claims for payment submitted but being held subject to compliance with all rules and regulations of the Central Platte NRD programs shall be held only up to 90 days. After 90 days, the claim for payment shall be considered void and the original application cancelled.

Items of cost for which reimbursement is claimed are to be supported by documentation of payments made. Cost share is 50% of actual cost up to \$800.00 maximum on each flow meter and limited to one meter
